**Yes** \_\_\_ **No** \_\_\_

Are any medicines necessary while boarding?

Yes \_\_\_ No \_\_\_

Give names of any medications and the dosage to be given:

How we will be feeding your animal while boarding?:

### REQUIREMENTS FOR BOARDING

1. All animals must be current on all vaccinations. If no proof of current vaccination history is available, a full set shall be given on admission.
2. Kreature Komforts Animal Hospital has my permission to do whatever is deemed necessary by Dr. McCormack/Dr. Smith should an emergency or medical treatment arise during my pet's stay in-hospital if we cannot get in contact with owner. This includes separating pets at an additional boarding charge if they are unable to remain together in the same kennel.
3. If a tranquilizer is necessary for treatment or handling, Kreature Komforts Animal Hospital has my permission to administer such medication.
4. Release time is before noon or another day of boarding charges will be applied. Releasing animals will occur Monday through Saturday. No exceptions.
5. Due to stress, animals may end up having bouts of diarrhea and may need to have their diet altered while at this facility.
6. Animals do not have 24 hour direct supervision during non business hours (i.e. nights and Sundays).
7. **Balances remaining on account must be prearranged and are subject to finance and billing charges. If balance is turned over to a collection service, an additional 40% will be added to the current total.**

**I have read the boarding requirements and understand the hospital's policies.**
